Training Curriculum Matrix

Course	Intro, Download, KB & Training Site	Basic NaviPac Configuration Items	Basic NaviPac Operational Items	Helmsman's Display	Remote Helmsman's Display	USBL Calibration	Data Monitor	Online QC Tool	Online 3D Visualisation Tool	Eventing Online	2D Seismic Tools	Rig Move Functions	TMS Functions	NaviCat	Basic NaviScan Items	NaviScan SonarDisplay	Basic NaviEdit Items	NaviEdit for Patchtest	NaviEdit Seismic Items	NaviEdit Pipeline Inspection	NaviModel Patchtesting	Basic NaviModel Items	NaviModel Offline Items	NaviModel connect to NaviEdit	Basic Cleaning Functionalities	Cleaning Functionalities	Volume and Area Calculations	Video Integration	Pipeline Inspection Tools	Eventing Offline	Basic NaviPlot Items	NaviPlot Pipeline Inspection	Chart Layout Manager	NaviPlot as Viewer	ScanFish III Flight	Duration (days)
NaviSuite Online Training 1)	√	√	√	√	√	√	√		√	√					√		√				√	√			√											5
NaviPac Basic Training	√	√	√	√	√	√			√																√											3
NaviPac Extended Training	√	√	√	√	√	√	√	√	√	√	√	√	√												√											4
NaviPac Configuration Training	√	√																																		1
NaviPac Operation Training	√		√	√					√																											2
NaviScan Basic Training	√														√		√				√	√														2
NaviScan Extended Training	√														√	√	√				√	√														2.5
NaviSuite Singlebeam Key Features	√	√	√	√													√														√					3
NaviSuite Multibeam Key Features	√	√	√	√					√						√		√				√	√	√	√							√		√			5
NaviPac Tug Management Training	√	√	√	√	√							√	√																							4
NaviCat Catenary Training	√													√																						2
Extended Tug Management Training	√	√	√	√	√		√		√			√	√	√																						5
NaviSuite 2D Seismic Training	√	√	√	√							√								√																	3
NaviSuite Offline Training 1)	√								√								√				√	√	√			√	√				√		√			4
NaviSuite Offline Training w. Pipe 2)	√								√								√				√	√	√			√	√	√	√	√	√	√	√			5
NaviSuite Nardoa Offline (Pipeline)	√								√								√				√	√	√			√	√	√	√	√	√	√	√			5
NaviEdit Basic Training	√																√																			1.5
NaviEdit Extended Training	√																√		√		√					√	√									2.5
NaviModel Basic Training	√																					√	√			√	√				√		√			2.5
NaviModel Extended Training	√																	√			√	√	√			√	√	√			√		√			3
Pipeline Inspection, with NM	√																√					√	√			√		√	√	√	√	√	√			4
Pipeline Inspection, only NM	√																						√	√		√		√	√	√				√		3
Scanfish Software Course	√	√		√	√				√																										√	3

Examples of courses, general as well as more specified, are listed in the rows of the matrix. Tailor made courses can be designed to meet more dedicated requirements.

1) The curricula for the NaviSuite Online and the NaviSuite Offline Training courses are used for the Open Online and Open Offline courses, respectively.

2) Optional pipeline inspection tools added at the end of the NaviSuite Offline Training course.
